Our breeding philosophy is to focus on the female. Our cows are expected to perform: calve and mother without assistance, breed back in a timely manner and wean a good calf. The registered cattle are managed the same as the commercial cows. We don't single trait select, nor do we select for extremes. We select for traits that will compliment one another, and keep our genetics "problem free". When offering bulls for sale, our goal is to provide bulls that are sound, functional, balanced, working class bulls; able to perform in most environments. Our herd has tested negatively for BVD PI. The testing is done annually to insure we retain our negative status.

**E 4125 VICTOR BOOMER U813**

**U801 - ES604 BOOMER U801** P42870734  
DOB: 1/27/08 *The only horned bull in our offering this year. With Ribstone and P606 in his pedigree, this bull will sire functional females. Good actual birthweight and birthweight EPD.*

**U802 - E 16R LIPPERT U802** P42870735  
DOB: 1/28/08 BW: 95  
REA ratio: 98 IMF ratio: 103  
*A very well balanced son of Raftsman 16R with good carcass EPDs. He is in the top 2% of breed in Fat EPD, top 11% in REA. He also has strong growth and milk numbers. There are some outstanding cows in this bull's pedigree including 51F, 414 and 100A.*

**U804 - E 16R LIPPERT U804** P42870737  
DOB: 1/30/08 REA ratio: 104 IMF ratio: 86  
*Another Raftsman 16R son with lots of pigment; an out cross pedigree. Good fertility.*

**U806 - E 4125 VICTOR BOOMER U806** P42870113  
DOB: 2/3/08 REA Ratio: 104 IMF ratio: 97  
*Above breed average in 13 out of 14 traits, there are a lot of good cattle in this bull's pedigree. This is a very good prospect. 3% of the breed in milk and milk and growth EPD.*

**U808 - E 4125 RIBSTONE VICTOR U808** P4288319  
DOB: 2/5/08 REA ratio: 86 IMF ratio: 123  
*Dark Red son of McMurry's 4125 bull. Good birthweight, strong maternal and carcass.*

**LJE S638 BRAXTON 0803**

**0803 - LJE S638 BRAXTON 0803** P42870741  
DOB: 2/5/08 REA ratio: 104 IMF ratio: 103  
*A 638 son out of our daughter Lacey Jo's 1st show heifer. 0803 is a dark red, high performance bull with very nice EPDs.*

**0809 - LJE M211 BOOMER 0809** P42876319  
DOB: 03/11/08 BW: 87  
REA ratio: 100 IMF ratio: 83  
*Will sire great daughters with MC Ranger 9615 and P606 as grandsires. 0809 has very good carcass, milk and fertility EPDs. Dam is one of our daughters' show heifers from a few years back.*

**U851 - E M211 RANGER DOMINO U851**  
*Well balanced Ranger Dominion son, 851 was one of our heaviest calves at weaning.*

**U826 - E S604 BOOMER U826** P42870117  
DOB: 2/24/08 BW: 84  
*This bull should produce some excellent daughters. He has P606 and Anchor Braxton in his pedigree. He has an excellent actual birthweight and birthweight EPD, as well as having exceptional milk and REA EPDs.*

**U807 - E 16R LIPPERT U807**  
DOB: 2/4/08 BW: 92  
*The Raftsman 16R Ranger cross works really well; strong performance and carcass. Extremely well balanced bull.*

**U857 - E P425 ANCHOR U857** P42876333  
DOB: 3/21/08 REA ratio: 103 IMF ratio: 91  
*Lots of growth (top 5% of breed in weaning and yearling weight) and good carcass EPDs with a very maternal background. Good pigment.*

**LJE M211 RANGER MISCHIEF 0811**

**0811 - LJE M211 RANGER MISCHIEF 0811**  
DOB: 03/16/08  
*Another very sound Ranger Dominion very nice EPDs; balanced and strong. This bull belongs to our daughters also.*

**U836 - E S638 BRAXTON U836** P42876313  
DOB: 3/6/08 REA ratio: 103 IMF Ratio: 111  
*Goggle eyed son of our 638 bull who is really siring some very good cattle. 836 has very nice numbers and is as red as they come.*

**U835 - E M211 HOLLOWAY U835** P42876312  
DOB: 3/6/08 REA ratio: 91 IMF ratio: 111  
*Moderate birthweight EPD with good growth and pigment. Both granddams are Dams of Distinction. This bull is above breed average in 11 of 14 traits. Very nicely balanced bull.*

**U841 - E S638 ANCHOR MAN U841** P42876317  
DOB: 3/11/08 REA ratio: 104 IMF ratio: 108  
*Lots of performance, very good carcass indications (fat and marbling in top 18%, REA in top 11%). In addition, there is plenty of growth (weaning and yearling weight in top 15% of breed) and maternal in this bull's background*

**U813 - E 4125 VICTOR BOOMER U813** P42872548  
DOB: 2/10/08 REA ratio: 91 IMF ratio: 135  
*Moderate birthweight with nice carcass EPDs (above avg REA and marbling), this bull will sire functional, good uddered cattle. He is in the top 3% of the breed in milk and milk and growth EPD.*

**U839 - E M211 RANGER DOMINO U839** P42876316  
DOB: 3/10/08 REA ratio: 102 IMF ratio: 113  
*Above breed average in 12 out of 14 traits, out of Ranger Dominion; one of the best sons of MC Ranger 9615. They don't come much more balanced than this bull.*

**T791 – E RANGER T791 P42832925**

DOB: 6/2/07

This bull was born in the summer of 07. We kept him to showcase in an MHA event that was cancelled. He is a good son of MC RANGER DOMINION, in the top 5% of the breed in weaning and yearling weight, milk, m&g and fertility. We are willing to sell this bull but would retain a semen interest.

**U821ET – EH MC G053 VICTOR U821 ET**

DOB: 2/21/08 BW: 90  
REA ratio: 104 IMF ratio: 78  
*Olympian x 6053 should produce very efficient, sound cattle, a real maternal prospect. In the top 15% of breed in marbling EPD.*

**U825ET – EH MC G053 VICTOR U825 ET**

DOB: 2/24/08 BW: 90  
REA ratio: 96 IMF ratio: 122  
Full brother to U821ET

**U821ET and U825ET owned jointly  
with McMurry Cattle**

**U825ET EH MC G053 VICTOR U825ET**

The 2009 bulls were selected for development after careful evaluation of the contemporary group. High performing individuals with history of unassisted calving, acceptable BW, doing ability and balanced EPD trait profiles are offered. Acceptable fertility, udder quality, disposition and fleshing ability are bred into these cattle. In-herd ultrasound has been used since 1995. The program has maintained a goal of beef quality improvement in every generation for more than 25 years.

**MC 81N DOMINO 9710 U801** P42923458  
REA ratio: 92 IMF ratio: 92  
*This bull is a calving ease and milk specialist. Cimmaron 81N daughters have spectacular udders. Sire of dam 9126J is an exceptional Line 1 balanced trait sire. Grand dam 9710 is an internationally respected dam of herd bulls. Unassisted from first calf heifer with actual BW 81 #.*

**MC 9615 RANGER U812** P42894247  
REA ratio: 104 IMF ratio: 107  
*The dam of this well marked herd bull is from the very top of the fabled Saddle Valley herd. She has added capacity with a near perfect udder. This cow family has longevity. Performance is above average. Sire, Ranger 9615, is the leading tenderness sire of the Hereford breed.*

**MC 122L VICTOR U822** P42894276  
REA ratio: 103 IMF ratio: 96  
*A great cow family with exceptional udder quality and added performance. Great beef quality and length of body. Moderate size. We will be using this bull in our program. MC 774*

**MC 774 DOMINO U885ET** P4293021

**MC P316 VICTOR DOM U825A** P42894282  
REA ratio: 100 IMF ratio: 95  
*Sired by MW Nasdaq P316 and out of a highly productive Feltons Legend 242 daughter. Milk, added carcass value, balanced performance, udder quality, moderate size, fleshing ability.*

**MC P230 FRANK U889** P42923609  
REA ratio: 93 IMF ratio: 88  
*The marbling prediction for his cow family is very high. His sire has the highest marbling prediction the breed has to offer. Outstanding calving ease predictions. Maternal sisters are valued in multiple registered herds. Longevity and udder quality.*

**MC 9615 RANGER U842** P42894856  
REA ratio: 94 IMF ratio: 104  
*Another balanced trait Ranger 9615 son. The cow family has optimal udder quality and strong milk flow. A full sister is one of our most powerful donor cows. This bull is bred to produce useful daughters and added performance. Tenderness is built in.*

**MC 774 DOMINO U886ET** P4293022  
REA ratio: 102 IMF ratio: 100

**MC 9615 RANGER U881** P42895001  
REA ratio: 106 IMF ratio: 97  
*This is a balanced trait herd bull. This is a terrific cow family with predictable marbling and longevity. He features above breed average performance predictions for 11 traits.*

**MC243R BOULDER U832** P42922172  
*Natural calf from 9710, internationally respected dam of herd bulls. Sire Bismark 243R is a leading Boulder 57G son with great balance of traits. There is great maternal value here as well as calving ease and above average carcass value. This is a well marked and well dispositioned herd bull. This bull will be used in our program; possession negotiable.*

**MC DOMINO U888ET** P4293020  
REA ratio: 105 IMF ratio: 103

We will be selling one of these three ET flushmates. Sire, Feltons Domino 774, is the most sought after sire from the Felton program. Dam EF L528 is dam of EF Crown Beef N014. She is an influential dam in the respected Ellis Farms program. These are powerful herd bull prospects. They are a unique offering. The work is done. Calving ease, balanced traits, milk and tremendous carcass value. Negotiable possession.

McMurry Cattle and  
Ehlke Herefords are  
excited to announce our  
first joint production sale.

*Mark your calendars  
now and watch for more  
information to come.*

**OCTOBER 1, 2009**
